EXAMINER'S AMENDMENT/COMMENT

1. An Applicant's Amendment filed on April 22, 2009 has been entered. Claims 3 and 6-9 have been amended. Overall, claims 1-11 are pending in this application.

Claims

2. In view of allowed generic base claim 1, the restriction requirement of the species dependent claims in an Office Action mailed on October 7, 2008 is hereby withdrawn. Accordingly, dependent claims 7-8 are rejoined; and claims 1-11 of the instant application are allowed over the prior art of record.

Allowable Subject Matter

3. The following is an examiner's statement of reasons for allowance:

As pointed out on page 7 of the Amendment, the reference of Otake et al. is not qualified as a prior art because the pending application has a priority date which is earlier than the effective date of Otake et al. As such, the prior art of record fails to disclose or teach at least two regeneration strategies, at a first level and at a second level, depending on different engine operation control parameters in order to obtain different temperature levels in the exhaust gas.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue

fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
